# Let's keep it up!!

This past October we sold 30 Think Pink Arrangements to our caring clients! Hana Tropicals donated that \$150 earned to the [Breast Cancer Research Foundation](#), but first Hana Tropicals owners Krista & Ian matched that to donate a total of \$300!

They made the donation on [Giving Tuesday](#), where there were matching funds available, so the original \$150 became \$600! Thank you to all of our wonderful customers for supporting our October mission - we are so proud of what we can accomplish with the joy of our flowers. Let's aim even higher next year!

Let's keep on giving.

## Mix it up this year with a *living ornament*

Add a tropical flare to your Christmas tree this year! This handmade ornament features a quaint Tillandsia airplant adorned with driftwood and shells from our local Hamoa Beach. This ornament is festive and each will be unique and handmade. Simply soak the tillandsia in water once a week and you can use this living ornament all year round!
