## Aloha Week is upon us!

The annual Aloha Festival is coming up! Every year Hana Tropicals donates hundreds of flowers and tons of hours towards the decoration of the events. We adorn the event tents and arrange flowers throughout the week to celebrate the festivities. The week begins on October 19th with a massive parade, where we love showing off our gorgeous flowers atop the farm truck. The Hāna community coming together to celebrate the spirit of Aloha is something you won't want to miss ---  
Schedule below!

## ALOHA WEEK IN HĀNA

Hawaii's 2019 Festivals of Aloha fittingly culminate with an action-packed agenda in heavenly Hāna--lots of hula and Hawaiian music--all happening at one of the most authentic, unspoiled locations in the world. Hāna town comes together through these week-long festivities. Beginning the celebration with a parade through Hāna town, our culture, traditions and love of this land will proudly be on display!

~

*"To plant a garden is to  
believe in tomorrow."*

Here at Hana Tropicals we are proud to put a lot of time and energy towards our food garden. We teach each other how to maintain healthy soil in order to grow quality fruits and vegetables to sustain us. We are always looking for more ways to grow more food, and are honored to highlight a portion of the crops we are able to gather on our land! Next time you're here for a tour of our flower farm, be sure to ask about the food we grow as well.  
Malama Da 'Aina!

We are proud to grow and consume our own food here at Hana Tropicals!

Don't forget about our...

## Orchid Selection

Give the gift that never dies! We package our orchids when they're at the beginning of their bloom, so you're guaranteed weeks to enjoy your orchid's first bloom. Most orchids bloom twice a year for several years.

Check out the leis

Hand-made maile style ti leaf lei

We pick each orchid and green ti leaf with care and weave them together with love just for you.

## Did You Know: Plants Improve Your Life!

Studies show that having a plant in your office or living space can dramatically reduce overall stress throughout the day. We believe in the power of Mother Nature and the plants she surrounds us with here in Hāna, and we are ecstatic to be able to ship these arrangements and orchids nation-wide!

### Ways that plants improve your life:

- Touching and smelling plants can reduce psychological stress.
- Plants improve air quality, making it easier for you to breathe.
- Plants acts as a natural humidifier through a process called transpiration.
- Plants have been proven to improve quality skills.
- Plants facilitate healing. Being in close proximity to plants can help you feel calm and heal faster from injuries.
