**Weather Watch:** We take extra precautions this time of year to ensure that flowers arrive safe and fresh! Flowers are perishable however, and it is important that everyone take the necessary steps to ensure their safe arrival! If flowers are sent to another address as a gift, please notify recipient of their eminent arrival. Boxes cannot be left at doorsteps in the cold weather or the flowers will freeze.

'I love you' in Hawaiian

~

'Aloha au iā 'oe'

Note the Hawaiian diacritical markings: the kahakō, or long-vowel marker over the  
“a” in “iā,” and the ‘okina, or glottal stop marker, in “‘oe.”

“Aloha,” in this context, means “love.” “Au,” often pronounced “vow” (but with  
only a very, very soft “v”), means “I” or “me.” “‘Oe” means “you.” “iā” is a dative  
article indicating the direction of the action.

### Farm to Table

Think the Farm to Table trend is only for food? Think again! Your flowers are arranged right on the farm where they are grown and sent directly to your doorstep. Each stem we ship is hand-picked and cut within 24 hours of when they are shipped, ensuring quality and freshness.

### Sustainability

How we grow our flowers is extremely important to us. That's why we grow all of our flowers to organic standards and never use any chemicals and pesticides, including in the washing process. All flowers are packaged in recycled cardboard boxes and wrapped carefully in recycled newspaper shred.

### No Middle Man

We are proud to send you flowers directly from our farm. 80% of flowers are bought by consumers who are unaware of the origin of the flowers. You know how your flowers are grown, harvested, washed and shipped. We can customize any order and send you flowers on the exact day you want them.

### Bigger, Better Blooms!

Our blooms are guaranteed to be vibrant, strong, and ready to last at least 7 days in your home. We promise to provide you with flowers that bring you joy. If you are not satisfied with your flower order, we will send you a replacement arrangement, no questions asked.
